RISK DISCLOSURES AND OTHER IMPORTANT INFORMATION

This material is neither an offer to sell nor a solicitation to purchase any security. Investors should carefully consider the investment objectives, risks, charges and expenses of Apollo Diversified Credit Fund (the "Fund"). This information and other important details about the Fund are contained in the prospectus, which can be obtained by visiting www.apollo.com. Please read the prospectus carefully before investing.

Past performance is not indicative of future results. Investment return and the principal value of an investment will fluctuate. Shares may be worth more or less than original cost when redeemed. Investing involves risk, including loss of principal. Performance includes reinvestment of distributions and reflects management fees and other expenses. Fund returns would have been lower had expenses, such as management fees, not been waived during the period. The Fund return does not reflect the deduction of all fees, including any applicable Fund share class sales load, third-party brokerage commissions or third-party investment advisory fees paid by investors to a financial intermediary for brokerage services. If the deduction of such fees was reflected, the performance would be lower. Returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Investing in the Fund involves risks, including the risk that you may receive little or no return on your investment or that you may lose part or all of your investment. The ability of the Fund to achieve its investment objective depends, in part, on the ability of the Adviser to allocate effectively the assets of the Fund among the various securities and investments in which the Fund invests. There can be no assurance that the actual allocations will be effective in achieving the Fund's investment objective or delivering positive returns. Current performance may be lower or higher than the performance quoted. The most recent performance is available at www.apollo.com or by calling 888.926.2688.

The Fund's distribution policy is to make quarterly distributions to shareholders. Shareholders should not assume that the source of a distribution from the Fund is net profit. Please refer to the Fund's most recent Section 19(a) notice for an estimate of the composition of the Fund's most recent distribution, available at www.apollo.com, and the Fund's semi-annual or annual reports filed with the U.S. Securities and Exchange Commission (the "SEC") for additional information regarding the composition of distributions. The Fund's distributions may be affected by numerous factors, including but not limited to changes in Fund expenses including the amount of expenses waived by the Fund's Adviser, investment performance, realized and projected market returns, fluctuations in market interest rates, and other factors. Fund distributions would have been lower had expenses, such as management fees, not been waived during the period and the Adviser is under no obligation to continue the fee waiver for any specified period of time. There is no assurance that the Fund's distribution rate will be sustainable in the future nor are distributions guaranteed.
